Employee Benefits

Defined Contribution Plans Versus Defined Benefit Plans

What is the best retirement plan for your business? The answer depends on several factors, including the ages of owners and employees, the number of years to retirement and more. This article explains some of the options available and how they can benefit you and your business from a tax-savings standpoint.

Seniors Seek Flexible Retirement Options from Employers

Many older folks are staying in the workforce longer than past generations did. That's a boon to employers because those experienced workers bring much to the table. But one survey shows that, overall, people wish their options for transitioning into retirement included more flexibility. This article reviews what employers can expect from older workers, and the results of the survey.

Benefits Education Boosts Employee Loyalty

We're living in an information age. While we can quickly research just about anything, having too much information can be more confusing than having too little. When it comes to benefit options, the roster is growing. And in many ways, that makes it harder for employees to choose. This article provides some guidance employers can use to help staff reach informed conclusions.

"We formerly had our employee benefit plan audit with one of the 'Big Four' national accounting firms, but knew that we were not getting the attention and service we needed. Making the switch to Gray, Gray & Gray was like night and day! We are getting the same degree of competence and experience, but with a much higher level of service. At much more reasonable fees, too!"
