Mergers & Acquisitions

Testing the Waters Before Jumping In

One often-cited reason for mergers or acquisitions that fall through is concern over a culture clash between the two companies in the future. So while other due diligence factors focus on *quantitative* factors, one of the most important tasks that can be conducted prior to a union is a *qualitative* cultural evaluation. See how this type of examination might call attention to critical incompatibilities sooner rather than later.

Private Equity: Taking Companies to the Next Level

Private equity is a force in merger and takeover activity. But this doesn't necessarily mean companies are being broken up and sold in pieces. In some cases, private equity groups invest in fundamentally sound businesses, with the goal of helping them grow over time, and then exit with a profit. If a business needs cash and operational expertise, but management wants to retain some ownership, private equity may be the answer.
