Gray, Gray & Gray, LLP's News

Robert Levene Joins Energy Practice Group at Gray, Gray, & Gray

Gray, Gray & Gray is elated to announce that [Robert Levene](#), former President & CEO of Levco Energy (Trumbull, CT) has joined the firm's Energy Practice Group as a consultant, serving as Director of [Operational Consulting](#). Levene comes to Gray, Gray & Gray after running his family's energy company for 45 years.

Levene will work with the firm's clients in the propane, heating oil and HVAC fields to resolve issues, remove roadblocks, and improve day-to-day operational efficiency, as well as assist in long-term strategic planning. Among the support he will be able to provide are market research and competitive analysis, facilitation of company retreats, development of business plans, establishing an external board of advisors, and developing a more robust recruitment and retention process. Family Business

Don't Treat Your Family Business Like a Royal Dynasty

Long live the king! And queen, for that matter. This was a common refrain in medieval times. Naturally, at some point, the monarch of a kingdom passed away, at which point the eldest son typically ascended. This article explains why family businesses should *not* follow this model. Rather, they should engage in a careful and gradual succession plan that considers all viable candidates.

Personal Tax

Spouses Are Guilty Until Proven Innocent

If you file a joint tax return, you need to be aware of your individual liability. Here's a rundown of how the law works and the "innocent spouse" relief that may be available if your spouse cheated on a tax return and the IRS is coming after you. We'll also explain the difference between an "innocent spouse" and an "injured spouse" and how it can affect tax refunds.

Benefits Administration

Improved Workplace Injury Coding System Now Required

A change in the way workplace injuries are coded may save your company money. The previous system had grown obsolete and inflexible, allowing for too many mistakes. The updated coding system, known as ICD-10, eliminates many errors by incorporating greater specificity into the reporting process. Here's an overview of how ICD-10 works.
